

Настройка DDNS сервиса на видеорегистраторе Azimuth

1. Регистрация на сайте www.dnsexit.com:

1.1 На главной странице выбираем [Free Account Sign Up](#)

The screenshot shows the dnsexit.com website. At the top, there's a banner for 'One Click Installation of CRM Applications' with logos for Joomla!, Drupal, and WordPress. Below the banner is a search bar for domains with a list of extensions (.com, .net, .org, .us, .biz, .info, .cc, .tv) and instructions: '1. Choose extensions 2. Enter names (domain1 domain2 domain3) 3. Click Go'. To the right, there's a 'Mail Relay (Outbound)' service description. The main content area is divided into several service boxes: 'Mail Backup MX + Rescue' (\$19.99/domain/year), 'E-Mail Hosting' (Starts \$19.99/domain/yr), 'Web Hosting' (Starts \$2.95), 'Mail Redirection' (\$24.99/domain/year), 'Dynamic DNS Service' (Free \$0.00), and 'DNS Failover + Monitoring' (\$9.99/month). At the bottom, there's a navigation menu with links for Domains, DNS, Emails, Web Sites, Support, My Login, Terms, and Our Name Servers. The 'My Login' section has a link for 'Free Account Sign Up' circled in red.

1.2 Необходимо заполнить поля, отмеченные звездочкой

»» Sign Up Account

To signup, we need you to enter some information about yourself, including a user name and password. You will use the user name and password to log into your account to manage your domains.

If you ever forget your password, we will ask you a secret question that you supply to us. If you answer the question correctly, we will be able to email you your password. If you leave this section blanks, your password will be sent directly to you without being asked for secret question.

- Secret Question:
- Secret Answer:

Verification Sum: + = (sum value)

* Indicates required fields

Clicking below states that you accept the [terms of service](#) agreement

1.3 Если все заполнено правильно, после нажатия на кнопку submit, появится сообщение

Success !!

Нажмите Continue

Congratulations!! Sign up is successful.

An email containing a link to verify your email address has been sent to mail@mail.ru.
Please check your email and click on the link to verify your email address.

You can click on **continue** below to proceed login to your account.

Continue

1.4 На адрес электронной почты, который Вы указали при регистрации, будет выслано письмо с подтверждением регистрации и ссылкой, по которой нужно пройти.

 **Succeed !!**
Your email address has been verified. Thanks.

2. Регистрация доменного имени.

2.1 На главной странице сайта нажмите на кнопку «Login», откроется окно, где нужно будет ввести ID пользователя и пароль, которые Вы указали при регистрации

Please enter your user id and password:

User ID:

Password:

2.2 Зайдя в личный кабинет, Вы должны нажать на ссылку [Free Second-Level Domain](#)

The screenshot displays the 'Account Profile' section of a user's dashboard. It includes fields for 'Your Name: Test test' and 'UserID: testdns2'. There are links for 'Account Profile', 'Email', 'Credit: \$0.00', and 'NEW! Sub-Accounts'. A prominent link for 'Free Second-Level Domain for dynamic IP' is visible, along with 'My Services | Setup DNS | sign up services'. Below this are sections for 'Web Hosting' (with a 'NEW! Web hosting 30 Day Free Trials' offer), 'Domain List' (showing 'azimuth.linkpc.net' with links for 'Upgrade | Edit DNS | Manage'), and 'Invoices/Payments' (with a 'Show All' link and a table header for Invoice#, Date, Amount, Paid, and Action).

2.3 Откроется окно, в котором нужно указать(придумать) уникальное имя для доступа к Вашему регистратору. Нажмите Continue.

Our **free Second Level Domain (SLD)** allows you to create a host name that point to either dynamic or static IP address. The SLD is a fully functioning domain that allows you to create not only unlimited hosts and aliases but also its own **Mail Exchanger**. To have the dynamic IP updated to our system automatically, you need to install our [Dynamic DNS Clients](#).

Please choose your Second Level Domain: azimuth . linkpc.net

Your IP address is:

The IP will be assigned to the domain. Please enter a new IP if this is not the IP you want for the domain

IP address is dynamic:
Uncheck the box if you have static IP

Continue

2.4 На открывшейся странице необходимо нажать на кнопку Create DNS

»» Free Domain DNS Confirmation

You have chosen **azimuth.linkpc.net** as your domain name.

The IP address assigned to the domain is

After the DNS is created, you will be able to use **azimuth.linkpc.net** or **www.azimuth.linkpc.net** to access your network at IP

You can modify or add more host names after the DNS is created.

Please make your choice to continue: ?

Create DNS

Cancel

Choose another name

2.5 Ваше доменное имя создано.

🏆 Successful !!

The DNS for the domain has been successfully created/modified. It could take up to 1 minutes for the

Please select what to do next?

Edit DNS of the domain

Edit DNS

Verify your domain's DNS records. Will show you the IPs of your domain reported by our name servers.

Verify DNS

Go back to user home page.

My Account

Since you have **dynamic IP** address, you need to download the dynamic DNS clients and install on your computer so that the IP address of the domain can be updated automatically.

Download Dynamic DNS Clients
